

Marsh Mail

At this stage of the academic year we say goodbye to our oldest students who, having finished their GCSE assessments, start their study leave and transition to Post-16 study. Having observed this cohort during their 5 years at LVC, I am tremendously proud of the responsible, caring and hardworking young adults that they have developed into.

We plan to celebrate with them at their Leavers' Ball on Friday 2nd July. While it won't be possible to invite members of the community on site for their arrival, as is customary, due to Covid-19 restrictions, we are looking forward to being able to mark their time at LVC with this special event.

Our primary transition plans will also have to be adapted this year to reflect the Covid-19 context. We are, however, looking forward to welcoming Year 6s to the College and helping them to acclimatise to secondary school.

While we are usually oversubscribed, a low birth rate in our locality means that we currently have spaces in Year 7 next year. If you have recently moved into the area or would like to find out more about moving to LVC please contact admissions@lvc.org. We do have some capacity in some other year groups and have transport arrangements in place for students that live outside of our catchment area.

Many thanks to members of the College community that responded to the Trust's recent sports centre survey. It is great to be able to welcome all ages back to benefit from our sporting facilities at LVC. There are plans to improve the communication and opportunities for the centres that operate within Anglian Learning's secondary schools.

Our community sports centre is an important part of our remit as a Village College as well as a beneficial source of income that we are able to invest in students' educational experience. Bookings for our facilities can be made online (www.lintonsc.schoolhire.co.uk) as well as via reception (01223 890248).

We are also looking forward to the prospect of restarting our adult education programme in the autumn term. For more information see our Adult Community Learning page on the College's website (www.lvc.org).
