

From the Principal...

After many years of working at LVC our Site Manager Richard Robbins, is leaving the College to take up employment elsewhere. We thank him for the significant contribution that he has made to LVC over the last 21 years. Mr Robbins will continue to reside on site and support with caretaking duties whilst we recruit a replacement. In addition to his vacancy, there are a number of other roles currently advertised on the College website. Support staff play a crucial role in the effective running of the College and in enabling us to deliver high standards of education. Please do take a look and share with those that may be interested.

In the colder months we encourage students to wear extra layers on their journeys to and from school to keep warm; this should be in addition to school uniform items, not instead of them. All students are expected to remove outdoor clothing when entering the College buildings. They can either store jumpers, scarves and coats in lockers or carry them around with them. Please can you reinforce this message at home to make sure that students are suitably dressed for the weather conditions and to reduce the need for staff to reinforce these expectations, particularly in regards to the removal of hooded jumpers in school.

We are looking forward to a varied programme for our upcoming PSHE day for all year groups. We are particularly pleased to have external agencies contributing, including local police, who we are working closely with to educate and safeguard the College community.

Come Dine with Me

Year 9 Language Futures students presented their 'Come Dine with Me' role plays in a wide range of languages including Italian, Japanese, Greek, German and Turkish. Community mentors were very impressed with the level of language and the quality of the presentations. They will be testing their culinary skills this month in the kitchen by preparing authentic recipes from the country of their chosen language. Bon appetit!

1 Feb	Year 11 HSC Exam

Police visit

Sergeant Emma Hilson, Sergeant Phil Priestley and PCSO Chris Wiseman came to the College on Monday to meet with me. We discussed the best way forward to forge greater links with the College, the students and the community. Please see attached letter and memo for further details.

Road safety

The College has recently been made aware of some students being careless when it comes to road safety therefore, we would like you as parents/carers to highlight the following to your child/children:

- Be aware of the traffic around you.
- Look left and right, checking the road is clear before considering crossing and then check again.
- Never cross the road with headphones in, you need to be able to hear the traffic as well as see it.
- If there is a proper crossing use it, do not try to nip in between oncoming cars.
- If possible wear clothing that can be seen by other road users.
- Be seen and be safe.
