**Safeguarding is everyone's responsibility.** The College has a **specialist safeguarding team** who educate and train our College community as well as deal with concerns as they are raised (by both students and colleagues). There is also an email address (**THINKPINK@lvc.org**) that can be used by everyone (including parents / carers and students) to report safeguarding matters. This message is sent to the safeguarding team where it is triaged. Parents and carers also have a duty of care regarding safeguarding.

### When Can My Child Go to The Support Hub?

At the current time, students cannot use the Support Hub as a 'drop-in'. However, if any student would like an appointment they can ask their Tutor or send an email to [supporthub@lvc.org](mailto:supporthub@lvc.org) and a member of the Hub will be in touch very soon.
